# IDS COMMUNICATION BOARDS

Custom Boards to Suit Your Needs

## MED/SURG BOARDS

All inserts are customized to fit the specific needs of your facility.

A standard med/surg board can include as much or as little information as you see fit. Boards can be unique to each room, with the specific room and phone numbers, and can include elements such as pain scales, rounding schedules or any other desired information. Add logos and custom branding specific to your facility.

This board features a header with 'Your Logo HERE' and contact information. It includes a weekly calendar, a 'Your Plan for Today' section, fields for 'Your Doctor', 'Your Nurse', 'Your Patient Care Technician', and 'Your Housekeeper'. It also has sections for 'Special Needs/Precautions', 'Anticipated Discharge Date', 'Discharge Time', and 'Messages/Questions'. A warning icon at the bottom states: 'In an emergency, when you cannot get the attention of a staff member, please call the Rapid Response Team at extension 90911 from any hospital phone.'

18" X 24" MED/SURG BOARD

This board includes a header with 'Your Logo HERE' and contact information. It features a 'YOUR CARE TEAM' section with fields for Doctor/Provider, Nurse, Assistant, Discharge Planning Team, Housekeeper, and Nurse Leader. Below is a 'YOUR CARE PLAN' section with checkboxes for 'Can I eat?', 'Activity Level', 'Checking on you', and 'Fall Risk'. It also includes a 'PAIN MANAGEMENT IS OUR GOAL' section with a visual pain scale from 0 to 10 and a goal setting area.

24" X 24" MED/SURG BOARD WITH PAIN SCALE

## SPECIALIZED UNIT BOARDS

Customized boards meet the specific needs of your various units.

From labor and delivery to children's vascular care to restorative neurology, a custom board in your units lets patients know that they are receiving the best specialized care. Unique fields also address concerns specific to each unit, such as the baby's feeding plan or a heart diagram for doctors to illustrate issues and procedures.

This board is designed for birthing units. It includes fields for 'Room:', 'Phone #:', 'Dial Out: 9+', 'Your Care Team Today', 'Your Name:', 'Partner:', 'Baby's Birth', 'Baby's Name:', 'Feeding Plan:', 'Discharge Planning:', 'Have You Completed?' (with checkboxes for Birth Certificate Workbook, Educational Videos, and Family Tdap), 'Score Now:', and 'Next Med After:'. It features a 'OUR GOAL IS EXCELLENT CARE- ALWAYS!' slogan at the bottom.

24" X 24" BIRTHING BOARD

This board is for Restorative Neurology & Rehabilitation. It includes a header with 'Your Logo HERE' and a calendar grid for 'Restorative Neurology & Rehabilitation Center' with columns for Sunday through Saturday. It also has sections for 'My Goals', 'Medical Staff', 'Nurse', and 'Care Assistant', and a slogan at the bottom: 'Our Priorities: Your Care, Comfort and Safety - Always!'.

# IDS COMMUNICATION BOARDS

## COMPLIANCE BOARDS

Quickly communicate exact procedure information to all team members.

Our custom compliance boards are a simple solution that meet your everyday operational requirements. Their use and implementation is a best practice to enhance your patient safety and your compliance with National Patient Safety Goals. Problems with communication was the second leading cause of "wrong-patient, wrong-site, wrong-procedure" sentinel events (2004 - 2Q 2014).\*
