BOX door sign
made from the finest materials to meet highest design requirements

Material:
• ABS plastic, black
• Aluminum in stainless steel look
• 0,2 inch single-panel tempered safety glass

Simple insertion and exchange of texts. For the stainless steel finish to show best effect, we recommend display text printed on transparent film.

BOX door sign

description:	size: h x w x d inch	order no.:	price:
door sign	6.1 x 6.1 x 0.5	**BO 1000**	

BOX
Sign vision in all walks of life

BOX – the door sign for the discerning customer. Modest only in price, it's manufactured from the finest materials and absolutely robust. Show visitors your best side – make an impression. BOX is timelessly elegant and looks good against any background. For ease of text composition and speed of assembly, it cannot be beaten.
For the brushed stainless steel finish to show the best effect, we recommend graphic inserts printed on transparent film.

ADA options available.

CLEAR ROD
Transparent at every level

Whether you produce your texts by screen or laser-printing, on film, by engraving or with other technology – CLEAR ROD conveys an impressive presence through its 0.4 inch acrylic panel. Great for outdoor use or as a stylish directory inside your building.

Variable in size and format, quick and easy to maintain.

VARIO SIGN offers many advantages: two interchangeable frame types on the same base-plate and high design freedom with text printed either on individual strips or on full sheets of graphic insert paper.

Model Rondo available in five contemporary colors.

FRAME
Pure minimalism

FRAME stands for information with understatement for staff and visitors alike.

With its side-mounted rails in satinized aluminum and 0.1 inch single-panel tempered safety glass FRAME lies extremely flat (0.3 inch) on any wall. Instantly changeable texts – without tools.

For results in keeping with the tasteful character of the range, we recommend display texts be printed on matte finish polyester film.
